

# The combination of Korfez Petrochemical Complex with Izmit Refinery.

Tupras has decided to legally and managerially combine the operations of the Petrochemical Complex with those of the adjacent Izmit Refinery, due to operational requirements and the closure of some units at the Korfez Petrochemical Complex.

The above explanation is prepared in accordance with the Regulation Series VIII, No. 39 of the Capital Markets Board. As such the information on this subject is given in full, in accordance with company records and has been prepared with every effort made to ensure that it is a full and true representation of the subject in hand, and as such the management takes responsibility for this information.
